Cloud & Deployment	AWS, Hostinger, cPanel, Linux, Windows, DNS, SSL, Deployment, Backups
Tools & Strengths	Git, VS Code, PyCharm, Debugging, Requirement Analysis, Team Collaboration, Ownership

PROFESSIONAL EXPERIENCE

Web Developer | Quick Infotech Technologies Pvt. Ltd. **Feb 2025 – Present**

- Develop and maintain Laravel-based business applications with secure backend logic, optimized database interactions, responsive interfaces, and role-based workflows.
- Integrate Razorpay payments, MSG91 and BSNL SMS services, Shadowfax and Shiprocket logistics, REST APIs, and webhooks to automate payment, notification, order, and shipment workflows.
- Build and maintain API-driven features, admin dashboards, e-commerce modules, and third-party service integrations with robust validation and error handling.
- Manage production deployments across AWS, Hostinger, and cPanel, including DNS, SSL, database migrations, backups, monitoring, and incident resolution.
- Enhance live applications by diagnosing bugs, improving existing modules, and delivering client requirements within agreed timelines.

Web Developer | SWA Softech Pvt. Ltd. **Aug 2024 – Feb 2025**

- Built dynamic web modules using PHP, Laravel, MySQL, JavaScript, jQuery, Ajax, Bootstrap, HTML, and CSS.
- Developed API-driven features and connected frontend components with backend services to create smooth, reliable user workflows.
- Improved UI, resolved application defects, handled database operations, and supported deployment of client projects.
- Collaborated with developers and stakeholders to translate requirements into maintainable features and timely releases.

Web Developer | DSV Infosolutions Pvt. Ltd. **Dec 2023 – Aug 2024**

- Developed and maintained web applications using PHP, Laravel, MySQL, Bootstrap, JavaScript, Ajax, and jQuery.
- Implemented responsive screens, backend forms, CRUD modules, validations, and database-connected business features.
- Supported reliable project delivery through structured debugging, clean code, usability improvements, and production maintenance.
